Ticket_NullProperties_ReturnsSummary
WithNulls

Tests.TicketTests.Ticket
_Summary_WithSpecialCharacters

Models.HardwareTicket.Get
Summary

```
graph LR; A[Tests.TicketTests.HardwareTicket_NullProperties_ReturnsSummaryWithNulls] --> C[Models.HardwareTicket.GetSummary]; B[Tests.TicketTests.Ticket_Summary_WithSpecialCharacters] --> C;
```

The diagram illustrates a mapping from two test cases to a single model method. On the left, there are two white rectangular boxes. The top box contains the text 'Tests.TicketTests.HardwareTicket_NullProperties_ReturnsSummaryWithNulls' and the bottom box contains 'Tests.TicketTests.Ticket_Summary_WithSpecialCharacters'. On the right, there is a gray rectangular box containing the text 'Models.HardwareTicket.GetSummary'. Two blue arrows originate from the right side of the two white boxes and point towards the left side of the gray box, indicating that both test cases are associated with or verify the 'GetSummary' method of the 'HardwareTicket' model.
